

Subject: Number of Players

Lesson Objective:

The participants will state the number of players for a legal game.

Equipment and Materials to Teach the Lesson:

Overhead projector, screen, overhead transparency with very large numbers on it, starting with 11 and going down to 5.

Approximate Time Needed:

10 minutes

Set:

Ask the participants to write down the numbers that would be appropriate to start a game and continue with it.

Strategies to Actively Involve the Participants:

See Set.

Information: Facts, Concepts, Skills to be Taught:

Point out the reasons for the maximum and minimum numbers of players to start and to continue a match.

Closure:

Each person will tell a partner the minimum and maximum number of players needed to participate in a soccer game. Instructor reminds students of the modifications allowed in the Laws noted on page 3.
